RAHUL

CYBERSECURITY ENTHUSIAST

💻 rahul717321@gmail.com   ✉ 62305-25430   📍 175032, Mandi , Himachal Pradesh

CAREER OBJECTIVE

To leverage my strong foundation in cybersecurity principles, ethical hacking, and penetration testing to protect digital assets and mitigate security risks. With hands-on experience in developing open-source tools, participating in CTF competitions, and exploring advanced topics like malware analysis and incident response, I aim to contribute to a dynamic organization where I can apply my skills, enhance security frameworks, and grow as a cybersecurity professional.

EDUCATION

2020-2023
LWPSSS BIR

- Schooling 10th & 12th

2023 - 2027
BADDI UNIVERSITY

- Bachelor of technology in computer science

TECHNICAL SKILLS

- C++ , python , MYSQL, MERN
- Cyber Security Fundamental
- Networking and System Administration,CTF

BEHAVIOURAL SKILLS

- Time management
- communication skills
- leadership skills

LANGUAGES

- English (Fluent)
- Hindi(Fluent)

OBJECTIVE: Ambitious and dedicated cybersecurity enthusiast with a solid foundation in computer science principles, currently pursuing a B.Tech in Computer Science. Eager to apply my skills in penetration testing, web development, and scripting to create impactful and secure solutions. Committed to continuous learning and innovation, with hands-on experience in Capture The Flag (CTF) challenges and open-source projects. Seeking an entry-level position in a progressive organization where I can contribute my technical expertise and collaborate on cutting-edge initiatives to drive security and growth.

WORK EXPERIENCE

Python Developer Intern
Quirinius Technology

- Developed Python automation scripts to optimize data processing and improve system performance.
- Debugged and enhanced codebases for scalability and efficiency.

MERN Stack Projects

- Built dynamic web applications using MongoDB, Express.js, React.js, and Node.js, showcasing full-stack development expertise.

Developed secure and user-friendly interfaces, focusing on performance optimization and responsive design.

Capture The Flag (CTF) Challenges

- Solved cryptography, reverse engineering, and exploitation challenges.
- Published write-ups to share cybersecurity insights with the community.

HOBBIES

- Reading Books
- Running , Gyming
- Playing chess
